## WEEKLY LINEUP TOPIC

OUR VALUES: STRENGTHEN STEWARDSHIP

MSU Board of Trustees approved the planning to create five solar carport locations on the MSU campus during their September 11, 2015 meeting. The solar carports advance the Energy Transition Plan. Read more about this [here!](#)

### How MSU Wants to Help

A rogue gene is causing seizures in babies, MSU researches are closer to understanding the source, a gene known as GNAO1. Click [here](#) to read more about this.

### MSU Protecting the Great Lakes

Protecting the Great Lakes from invasive lamprey is the goal of a team of researchers from MSU. Click [here](#) to check out more on MSU's Facebook page.
