Our Values: Strategy

**A Message from Vennie:**

*Take another leap!*
The students are back! A little commotion is nice around MSU this time of year. Campus has to keep moving so it can stay warm! I hope everyone has their year off to a great start.

**MSU Recycling Mini Baskets**
Approximately 30% of office waste sent to a landfill is recyclable. To help combat this try using a mini basket, which is a small container with a hinged lid that makes it harder to just throw things away than to recycle them. The hope is that employees will be more conscious of where their trash is going.
